

## Electromyograph – Two Channel

### Winning Combination (1/5/2010 - 1/5/2011)

The Winning Combination chart displays each vendor's relative place in the market based on street price and user satisfaction ratings from the MD Buyline database. Street Price reflects the typical pricing for each vendor with discounting taken into consideration. The User Satisfaction ratings reflect the average of all user ratings for each specific vendor from MD Buyline's end user interviews.

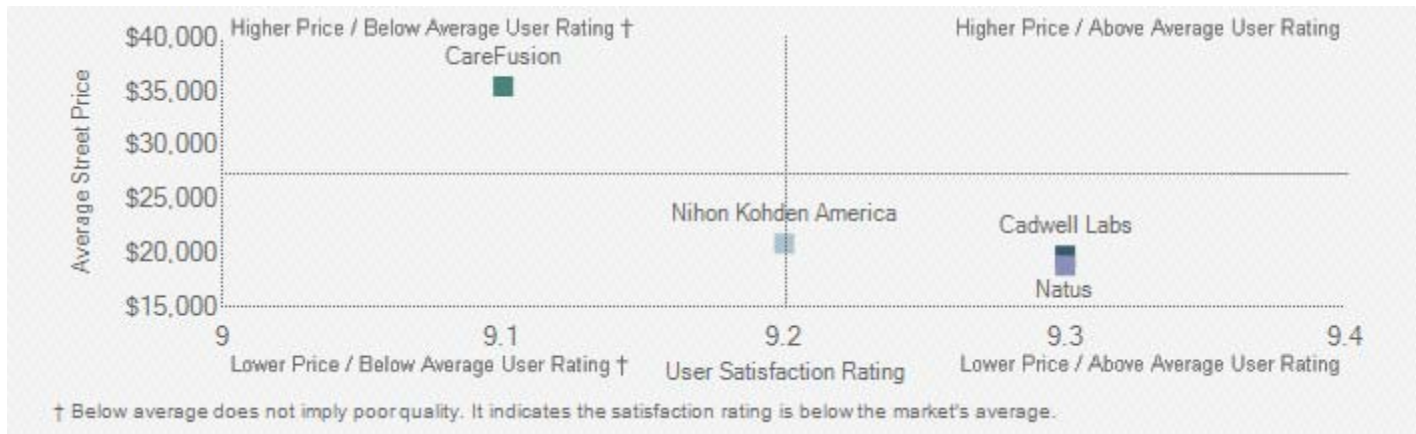

Vendor	Street Price	Satisfaction Rating
Cadwell Labs	\$15,859	9.3
CareFusion	\$21,719	9.1
Natus	\$10,735	9.3
Nihon Kohden America	\$19,150	9.2
Average	\$16,866	9.2

The chart shows vendors with activity who participate in the selected market segment. *While the street price is accurately reflected for the selected tier, the user rating is averaged over the entire market.*

## Electromyograph – Four Channel

### Winning Combination (1/5/2010 - 1/5/2011)

The Winning Combination chart displays each vendor's relative place in the market based on street price and user satisfaction ratings from the MD Buyline database. Street Price reflects the typical pricing for each vendor with discounting taken into consideration.
