

IONM PREVENTIVE MAINTENANCE PROGRAM

PROVIDING PEACE OF MIND AND PRODUCT READINESS

Maintain equipment and avoid downtime with Cadwell's IONM PM Program.

- Complete system evaluation
- Inspection and replacement of peripheral cables (not Pods)
- Cleaning of instrument and accessories
- Leakage test
- Functional test
- Safety test
- Final test procedure
- **And more!**

Our goal is 100% Satisfaction

Quality.

Our certified PM exceeds patient safety and regulatory standards.

Transparency.

We'll plan a course of action with you, and provide certified documentation of completed work.

Efficiency.

We guarantee turnaround in 7 business days, not including repairs, or a loaner will be provided free of charge.
