Legend: ✓ = included, \$ = available as a purchasable option, • = not available.

a Lifetime means the functional lifetime of the equipment, during which Cadwell is able to service, support and provide software updates for the piece of equipment; functionality may slowly diminish as software updates are no longer provided and parts become obsolete, at which time the functional lifetime of the equipment may cease.

b Limited Factory Warranty coverage is 12 months for new equipment or six months for refurbished equipment purchased from Cadwell.

c Software Maintenance and Support Plan during limited warranty period covers 12 months for new equipment or six months for refurbished equipment purchased from Cadwell.

d Coverage applies only to equipment purchased from Cadwell.

SOFTWARE MAINTENANCE PLAN

Your CadLink or CadLink Lite software purchase includes our Software Maintenance Plan. Each subsequent year, you will receive an automatic notice to renew your plan.

CADCARE MEMBERSHIP ELIGIBILITY

Customer support is a core value at Cadwell. With Cadwell, you are not just buying a medical device, you are part of the Cadwell family. When you buy your Cadwell equipment directly from Cadwell, your CadCare Membership is included at no cost for the lifetime of the product. If your Cadwell equipment was purchased from anyone other than Cadwell, you must enroll that equipment in the CadCare Membership Program for \$1,200 per system, per year to receive CadCare Membership benefits, including basic phone support. Your yearly CadCare membership will help ensure your Cadwell equipment is always ready to help you help others.

THE CADWELL STORY

John Cadwell, BSEE, MD, saw a need for innovative and reliable neurophysiology instruments during his residency at the University of Washington School of Medicine.

John combined his experience in electrical engineering and medicine to design the world's first microprocessor-controlled EMG instrument. Together with his brother, Carl Cadwell, DDS, John formed Cadwell in 1979.

In the 1980s, Cadwell developed the best-selling 5200A EMG and the Spectrum 32 EEG.

In the 1990s, Cadwell's Sierra took over the EMG line and Cadwell introduced Cascade IONM and Easy EEG.

In the 2000s, Cadwell developed the industry's best integrated report generator and introduced Easy PSG.

Lately, we have expanded our headquarters and opened offices in China and Germany. Our global sales and support teams help physicians and medical centers worldwide help their patients.

Today, our brands include Arc EEG, LTM and ICU cEEG; Cascade® IONM; Sierra® EMG and EP with integrated ultrasound; Easy® PSG and CadLink™ data management.

Cadwell is staying true to its mission: helping you help others.
